1. Introduction

Our school is inclusive; we focus on the well-being and progress of every child and we are committed to ensuring all members of our community are equally valued.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement.

We recognise that these duties reflect international human rights standards as expressed in the [UN Convention on the Rights of the Child](#), the [UN Convention on the Rights of People with Disabilities](#), and the [Human Rights Act 1998](#).

Our approach to equality is based on 7 key principles:

1. **All learners are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
2. **We recognise, respect and value difference and understand that diversity is a strength.** We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
3. **We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
4. **We foster a shared sense of cohesion and belonging.** We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
5. **We observe good equality practices for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development.
6. **We have the highest expectations of all our children.** We expect that all pupils can make good progress and achieve to their highest potential.
7. **We work to raise standards for all pupils, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

2. The Equality Act and Public Sector Equality Duty

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools cannot discriminate against pupils, staff or the wider school community or treat them less favourably because of their sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity.

Age and marriage and civil partnership are also “protected characteristics” and although are not part of the school provisions related to pupils, would apply to staff and the wider school community.

The Act requires all public organisations, including schools, to comply with the Public Sector Equality Duty (PSED) and two specific duties:

The Public Sector Equality Duty or “general duty”. This requires all public organisations, including schools to:

- eliminate unlawful discrimination, harassment and victimisation;
- advance equality of opportunity between different groups;

- foster good relations between different groups.

Two “specific duties”. This requires all public organisations, including schools, to:

1. publish information to show compliance with the Equality Duty;
2. publish Equality objectives at least every 4 years which are specific and measurable.

Further information on how the Equality Act applies to schools can be found in the Department for Education document [Equality Act 2010: advice for schools](#).

3. Purpose of this Equality Policy

To comply with our legal duties under the Equality Act 2010 our Equality Policy describes how we are trying to systematically set and implement good practice in equality and diversity as follows:

- Develop and review the Equality Policy and our objectives with appropriate timescales for the future.
- Eliminate discrimination.
- Promote positive attitudes and eliminate harassment or victimisation related to any aspect of social identity or diversity.
- Promote equality of opportunity.
- Encourage participation by people with disabilities and people representing different aspects of social identity in public life.
- Take steps to take account of difference even where that involves treating some people more favourably than others.
- Take proportionate action to address the disadvantage faced by particular groups of pupils, employees, or other members of the school community like pupils’ parents or carers.

4. Links to other policies and documentation

Although this Policy is the key document for information about our approach to equality in line with the Public Sector Equality Duty, evidence of our commitment to our responsibilities under the Equality Act can also be found in our:

- Accessibility Plan
- Admissions procedures
- Behaviour Policy
- Governing body minutes
- Parent and pupil surveys
- Child Protection Policy and procedures
- School performance data
- School website and newsletters
- Self-evaluation reviews
- SEND Policy
- School development plans

As a school we also collect the following information, broken down by race, religion or belief, sex, disability and, where relevant, sexual orientation, gender reassignment, pregnancy and maternity, marriage and civil partnership, and age:

- School admissions
- Pupil attainment and progress
- Prejudice-related incidents
- Sanctions (including exclusion)
- Staff recruitment and selection
- Promotions
- Professional development opportunities

The Equality Act also applies to schools in their role as employers, and the ways in which we comply with this are found in our Recruitment and Selection procedures.

5. Our school profile

At Bransty Primary School, we are committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers receiving services from our school, irrespective of race, gender, disability, faith or religion or socio-economic background. We aim to develop a culture of inclusion and diversity in which all those connected to our school feel proud of their identity and are able to participate fully in school life.

We have taken an organisational approach and have ensured that all equality strands are woven into the everyday working of our school, particularly in relation to formulating policy and practice around both delivery of our service and employment but also in relation to other functions such as setting budgets, making public appointments and funding.

The achievement of pupils will be monitored by race, gender and disability and we will use this data to support pupils, raise standards and ensure inclusive teaching. We will tackle discrimination by the positive promotion of equality, challenging bullying and stereotypes and creating an environment which champions respect for all. At Bransty Primary School we believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.

The Single Equality Scheme (SES) to which this Policy Statement relates also highlights how our school has worked with and listened to the staff, pupils, parents and carers to inform development of objectives and action plans and the need and commitment required to ensure the Scheme is a success. This is underpinned by a commitment to promoting positive relationships and understanding between all groups within our school community.

The SES sets out how pupils with the following protected characteristics (previously known as equality strands) will be protected in our school from harassment and discrimination:-

- Disability
- Gender
- Race
- Religion and belief
- Sexual orientation
- Gender reassignment
- Pregnancy and maternity

This Scheme extends, however, to cover all aspects of vulnerability, including those associated with socio-economic factors (e.g. pupils from low income families), Children Looked After and those with Child Protection plans.

As well as delivering high quality services to our pupils, the school is also committed to being a good employer and as such the Scheme outlines how we meet our varied duties in terms of recruitment and

employment practices. We are also committed to be fully inclusive of all community users, including parents and carers. As such, the Scheme therefore also sets out how we will work to overcome any discrimination related to the other protected characteristics:-

- Age
- Being married or in a civil partnership

20% of our pupils enter school from private nurseries or settings other than the home. The remainder enter school direct from home at reception age. As a result, attainment and maturity is wide-ranging. To address this inequality, we have worked closely with pre-school settings building in regular visits by members of our staff. In the term before starting school in September, all children who applied for a place were offered visits to the school for four afternoons and one full day. This allowed them to settle into the school environment and allowed the EYFS staff to get to know them and make initial assessments of and form relationships with pupils ready for their start.

Bransty Primary School is a strategic resource provision for hearing impaired children. 17.3% of our pupils have special educational needs which exceeds National average of 12.5%.

A high proportion of our pupils enter the school at the age of 3 with a small percentage of children joining Reception from private nurseries or other settings other than the home. The remainder enter school direct from home at reception age.

Attainment and maturity is wide-ranging as children enter our Nursery yet, in order to address this inequality, we have a very tight curriculum to support families and children to embed Early learning from the age of 3. This has a positive impact on the children on entry to Reception. Transition from Nursery is planned well so children start Reception with a clear understanding of Bransty expectations and procedures. The EYFS team work together to make early assessments and transition allows children to be very familiar with new staff before September

We have several vulnerable groups including those with special educational, learning and medical needs.

We have never had problems attracting staff and have a full teaching staff complement. Among our non-teaching staff.

The Local Authority (LA) handles admissions to the school. When we are made aware of pupils who are joining the school with special educational needs or disabilities, we arrange to meet the pupil and parents or carers and involve professionals from the LA and Health Authority to ensure any adjustments required to our buildings or curriculum are made in readiness for them starting school. The school has fully ramped access and is level throughout the building enabling access to wheelchair users. Our reception area is accessible to people with disabilities and we have a hearing loop for those with impaired hearing. We have one disabled toilet which also contains an adjustable changing bed for use by those pupils who need personal care whilst at school.

2% of our pupils have English as an additional language.

Information for parents and others is provided in verbal and written form and we offer it in alternative formats on request e.g. another language, braille etc.

Recruitment procedures are based on those provided by our LA with all advertising being processed through the Council HR and Advertising Team.

Note: If we do not provide actual figures in relation to pupils or staff from ethnic minorities or any other equality group with protected characteristics it is because they are a small number of people

and we must maintain their privacy. We are also not required to collect any statistical data which we do not already collect routinely e.g. RAISE online and other data.

6. Planning to eliminate discrimination and promote equality

Our Equality Objectives Action Plan identifies what we will be doing over the coming year and beyond to make our school more accessible to the whole community, irrespective of background or need. We prepare this plan through consultation with key stakeholders including pupils, parents & carers, governors, staff, and others in the school community.

In order for us to assess and make reasonable adjustments and proportionate steps to overcome barriers that may impede some people, we also have an Accessibility Plan (published on the school website) which specifically focuses on how we will improve equality of access to:

- education for pupils with disabilities;
- work for employees with disabilities;
- work or a family life for visitors and other members of our school community;
- other user groups who access our building.

We publish them together because they overlap and we want to make sure we are meeting our duties to promote positive outcomes in relation to disability, and actions to address other social identities.

Progress towards our Equality Objectives and the Accessibility Plan is reported on regularly to the Governing Body and reviewed annually. We publish an updated Equality Information Report annually about diversity in our school and how we are doing against our Equality Objectives.

We take steps to ensure our Equality Information Report and our Objectives are understood and implemented by all staff and are published on the school website. They will be made available in different formats and in different languages on request to the school office.

In line with DfE guidance on what we must or should publish on the school website, we will consider collecting and publishing governing board members' diversity data so that such information is widely accessible to members of the school community and the public.

7. Advancing equality of opportunity between different groups

7.1 Disability equality

Our commitment to achieving equality of opportunity for pupils with disabilities, their families, school staff, and other school users has a number of objectives:

We will promote equality for people with disabilities by:

- removing barriers to the accessibility of education, employment, services, information and buildings;
- encouraging good practice by our partners by giving relevant advice or instructions;
- ensuring we take their needs into account when procuring goods and services from our providers;
- promoting positive images of people with disabilities;
- challenging patronising or discriminating attitudes;
- making the environment as safe as possible for and challenging antisocial or bullying behaviour against, or harassment of pupils, staff or other school users with disabilities.

We plan to increase access to education for disabled pupils by:

- increasing the extent to which disabled pupils can participate in the school curriculum;
- increasing the inclusion of positive images of disabled people across the curriculum;
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery of information to disabled pupils, to the standard of which is provided in writing for pupils who are not disabled;

We welcome the requirements of the disability equality duty and this section sets out our commitment to meeting the duty. Our Policy shows how we promote disability equality across all areas of the school, to disabled pupils, staff, parents, carers and other school users.

In relation to your school, briefly set out or refer and link to something else that explains:

- Your school's Accessibility Plan (any plans to improve the physical layout of the building and the grounds and disability access to the curriculum, school website etc.).
- How you have involved people with disabilities in the development of the Equality Policy.
- How you plan to increase access to education for learners with disabilities as detailed above.
- How you plan to improve equal opportunities for employees with disabilities.

7.2 Racial equality and community cohesion

We recognise that people of Black, Asian and Minority Ethnic (BAME) origin experience discrimination based on colour, race, nationality, religion, and ethnic origin. Racial harassment and violence are the most serious consequences of racism, damaging people emotionally and physically and limiting life choices and opportunities.

To ensure this school takes all necessary steps to prevent and tackle racial harassment and to help people of BAME origin live free from harassment, feel safe and enjoy and achieve throughout their education or working life at our school, we will take steps to:

- keep accurate records of all groups of faith or ethnicity, their backgrounds and needs and how we respond to them;
- encourage dialogue between different racial groups on the suitability of our educational provision;
- prevent racial discrimination, and promote equality of opportunity and good relations between members of different racial, cultural and religious groups;
- encourage pupils and their families of all ethnic groups to participate fully in all aspects of school life;
- use our support for the voluntary and community sector to promote good race relations;
- counter myths and misinformation that may undermine good community relations;
- ensure our staff and other adults working in our school, pupils and their families, as well as our partners and the wider community fully understand the principles of good race relations.
- Details of any consultation process you will use to establish what the priorities of the school ethnic community are either currently or ideas for the future.

7.3 Sex and gender reassignment equality

We are committed to combating sex discrimination and sexism and promoting the equality of women, men, boys and girls.

We are also committed to ensuring the rights under the Equality Act of people undergoing gender reassignment (defined as applying to anyone who is proposing to undergo, is undergoing, or has undergone a process or part-process, for the purpose of reassigning their sex by changing physiological or other attributes). This means that in order to be protected under the Act, pupils or staff will not necessarily have to be undertaking a medical procedure to change their sex but must be taking steps to live in the opposite gender or proposing to do so. So far, the law has not acknowledged non-binary or genderless individuals, but we want to act appropriately to safeguard and include all members of our communities.

We will give due regard to the need to:

- eliminate unlawful discrimination, harassment, and victimisation on the grounds of sex or gender reassignment, including domestic violence, sexual violence, bullying, and exploitation;
- promote equality of opportunity between women and men in all our functions;

7.4 Religion and belief equality

Bransty Primary School recognises that Black, Asian and Minority Ethnic (BAME) people experience discrimination on the basis of colour, race, nationality, religion and ethnic origin. Racial harassment and violence is one of the most serious consequences of racism, damaging people emotionally and physically and limiting life choices and opportunities.

The school will take all necessary measures to prevent and tackle racial harassment and assist BAME people to live in freedom from harassment and to feel safe as they enjoy and achieve throughout their education.

In order to comply with this duty, we will:

- keep accurate records of all ethnic and faith groups, their backgrounds and needs and how we respond to them;
- encourage dialogue between different racial groups on the appropriateness of our educational provision;
- prevent racial discrimination, and to promote equality of opportunity and good relations between members of different racial, cultural and religious groups;
- encourage pupils and their families of all ethnic groups to participate fully in all aspects of school life;
- use our support for the voluntary and community sector to promote good race relations;
- counter myths and misinformation that may undermine good community relations;
- ensure the school staff and other adults working within the school, pupils and their families as well as our partners and the wider community fully understand the principles of good race relations.

This school recognises that people can face discrimination because of attitudes in society towards the religion, faith, or belief they hold or faith community they belong to. Faith-based hate crime has a character that is distinct from race-based hate crime. We also recognise that a person's religious (or similar) beliefs may mean that they have different needs, demands and expectations, which require flexibility. We understand this means we must assess the impact that our policies, functions and procedures have on promoting equality for people based on their religion, belief or non-belief.

(Note: There are exemptions under equality law e.g. the content of the curriculum but not the delivery of it; for schools with a religious character (faith schools) in admissions; freedom to provide collective acts of worship for one religion and not another; or to include all pupils regardless of faith in learning about a religious celebration without unlawfully discriminating. Check you are applying them properly using [DfE Guidance: 'The Equality Act and Schools'](#)).

7.5 Sexual orientation equality

This school is committed to combatting unlawful discrimination, harassment and victimisation faced by people who are lesbian, gay, bisexual, transgender, or questioning (LGBTQ+) and we aim to ensure equality of opportunity in education, services, and employment.

We will respect the rights of individuals to be open about their sexual orientation, tackle homophobia, challenge stereotyping and improve knowledge about LGBTQ communities, both inside the community and across wider society.

We are committed to taking a proactive approach to preventing all forms of homophobia in the school community and will assess the impact of our policies, functions and procedures on promoting sexual orientation equality as part of the Equality Impact Assessment process.

7.6 Pregnancy and maternity equality

This school is committed to ensuring that staff who are pregnant or have recently given birth are protected from both direct and indirect discriminatory practices, disadvantage and unfavourable treatment. For more information please see HR Policy on pregnancy/maternity

7.7 Equal opportunities for staff

This section deals with aspects of equal opportunities relating to staff. We are committed to the implementation of equal opportunities principles and the monitoring and active promotion of equality in all aspects of staffing and employment.
